MnDOT sets open house in Grand Meadow for Highway 16 paving project

The public is invited to an open house on Tuesday, Sept. 25, in Grand Meadow to learn more about the improvements planned for Highway 16 during a paving project in 2019 from Dexter to Spring Valley, according to the Minnesota Department of Transportation (MnDOT).

Representatives of MnDOT will be available to answer questions and provide information from 4:30 p.m. to 6 p.m. at the Grand Meadow Community Center, 116 Grand Ave. E. in Grand Meadow.

MnDOT is scheduled in 2019 to repave approximately 15 miles of Highway 16 between Dexter and Spring Valley. Motorists will encounter single-lane traffic and brief closures of intersections during the paving operation. Crews will also replace three box culverts and five pipe culverts along Highway 16. During the culvert work, Highway 16 will be closed to through traffic and detoured to Fillmore County Road 8 to Mower County Road 2 to Mower County Road 7 into Dexter. Highway 63 will remain open to local businesses.

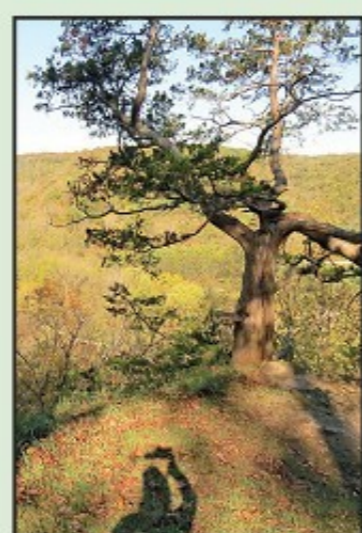

During the Sept. 25 open house, people may drop by at any time during the session to talk with the project manager and other MnDOT staff, learn more about the project and ask questions. There is no formal presentation. Maps and information will be available for review.

To learn more about the project or sign up for email updates, go to MnDOT's project website at <http://www.dot.state.mn.us/d6/projects/hwy16-resurfacing/index.html>.

Chatfield Center for the Arts to celebrate community heritage as well as artistic vision

By Gretchen Mensink Lovejoy
 Chatfield News

First, paint some peace. Second, get frosted and glazed during the Chatfield Center for the Arts' (CCA) Arts and Heritage Day on Saturday, Sept. 29.

"We're hosting the official unveiling of the new Arts Studio from noon to 2 p.m. This summer, the Chatfield United Methodist Church (CUMC) took on the renovation of a former classroom on the second floor of the Chatfield Center for the Arts as their mission project. They will be hosting art-themed treats and leading a collaborative art project, making peace poles to install on the grounds of the CCA as part of Arts and Heritage Day," explained CCA director Jenni Petersen-Brant.

Petersen-Brant invited the community to stop by the CCA to take part in the annual celebration of local arts and music. She continued, "Pastor Debra Collum received a grant to put towards the supplies and treats for the studio unveiling, and this means we'll have the materials to create some really top-notch peace poles, we'll be creating artsy edible cupcakes, and people will have a chance to glaze a ceramic tile that will become part of the backslash in the studio."

The day features an art fair with area artists selling their art at booths inside and out at the CCA. Live music will be performed on the steps of Potter Auditorium from 10:30 a.m. until 6 p.m., featuring four different acts.

Several hands-on maker stations on the front lawn will offer all ages and abilities a chance to play and build instruments, paint mural panels, chalk the sidewalks, get their faces painted, and make acrylic paint bubble art to take home.

"We're planning an art exhibit in the 1916 Gallery and of course will be unveiling the CCA's new Art Studio," Petersen-Brant said. "There will be vendors selling food throughout the day and a hotdish cook-off with a public taste-testing and voting in the afternoon. And we'll have a beer garden for the adults."

Petersen-Brant highlighted that Arts and Heritage Day was begun simply as "Heritage Day," but has since evolved to be a project of the CCA.

SUBMITTED PHOTOS

The 2017 Arts and Heritage Day celebration took place outside, shown above, and inside of the Chatfield Center for the Arts and included artists' works for sale and display and music on the front steps of Potter Auditorium.

"Arts and Heritage Day is a product of the Chatfield Center for the Arts and is planned by our events committee with funding from a People's Energy Cooperative Operation Round Up grant and support from Minnesota Energy Resources' Community Giving program," she explained. "In the past, the day focused on the history of Chatfield, and activities took you all over town.

Our approach has shifted to highlighting the arts and their role in our community identity while honoring our heritage and keeping everything in one central location, the grounds of the CCA."

This event has taken place for a few
